Where the magic happens – Martians bring home trophy collection!

North Fremantle based creative agency, Media on Mars, is amassing a trophy collection on their mantelpiece. Picking up three awards at the Fremantle Chamber of Commerce annual awards and two international accolades.

- 2014 Creativity International Awards – GOLD for ‘outstanding creative design’ - Freshwater Bay Museum website and its Mars e-newsletter.
- 2014 Fremantle Chamber of Commerce Awards – Winner of ‘Business of the Year’, ‘Excellence in Design & Creativity’ and ‘Excellence in Online Business’.

Passionate about creative design projects that support community development and environmental awareness, Director and Founder, Kammi Rapsey, says,

“Our strongest asset is our creativity and design. We only hire the best when it comes to designers and developers - all our staff are high-end industry professionals with over 10 years experience. Our clients tell us that they choose to work with us because of our reputation for talent.”

What’s their special ingredient? Clients say that their down to earth approach and how they listen carefully and place emphasis on research before nailing creative solutions, sets them apart from other agencies.

Their creative talent is clearly evident but in addition, it’s the happy, flexible workplace that they’ve nurtured over the last 15 years, which encourages creativity and innovation, and attracts a specialist talent pool.

ENDS

Media on Mars is a creative agency with a warm digital heart. People love the distinctive ways they communicate. For organisations, big and small, communication programs, websites and brands are custom crafted.

Media on Mars is a member of the WA Web Industry Association, the Australian Graphic Design Association and is selected for the ICT services agreement to supply web services to all of government.
